Southern Railway issued new Block lettering in 1950 for use on the Crescent & Royal Palm cars built 1949 and later. The RPO 3 inch lettering here was for use on Crescent & Royal Palm RPOs. The RPOs for "The Tennessean" retained the lettering issued in 1941. The letters were 3 inches tall and painted black. These graphics are not to model scale, but can be resized to any scale as long as height & width ration are maintained. I have provided scale drawings of these letters in the decal artwork.
