PULLMAN Lettering for car names was a close match of general Railroad Roman, but not a “dead on” match. I have modified Railroad Roman lettering to match as close as I can to PULLMAN photos. Note: I do not claim that this is an exact match, but I do believe it is close enough for lettering scale models of Pullman Cars. Also, please note, this general lettering WAS NOT used for the PULLMAN 7 inch letterboard. I have a seaprate graphics for the PULLMAN letterboard that I have matched to the actual PULLMAN lettering.
